It's Show Time.

Join us for an encore presentation of the launch of our latest vision, KODAK VISION3 500T Color Negative Film 5219/7219.

The first product in a new family of films for a new era of filmmaking, VISION3 features Kodak's advanced Dye-Layering Technology and delivers unprecedented performance in shadows and highlights while offering more control and flexibility from capture through post in both digital and traditional workflows.

Your vision is always evolving. So is ours.

WHEN: February 7, 2008 @ 11 am
